

3. We wish to place on record that we have not tried to moderate the marks assigned by the Evaluation Committee to the sub-criteria and sub-factors of the various bidders except in regard to the following sub-factors, where we had earlier moderated the marks of bidder 'E':-

- (i) Equal weightage is given to sub-factors 1.2.2 & 1.2.3.
- (ii) Equal weightage is given to sub-factors 3.1.1 & 3.1.2.
- (iii) In regard to sub-factor 1.1.8, E.C. has informed that bidder 'A' has not provided non-aeronautical revenue explicitly but E.C. has awarded bidder 'A' only 2 raw marks. Since the non-aeronautical revenue of all bidders other than 'E' are more than 40%, we have retained the marks as given by the E.C. except for bidder 'E'
- (iv) In regard to sub-factor 1.1.8 (experience in non-OECD countries), we have retained the marks as given by E.C. except for bidder 'E' as they have no operating experience in a non-OECD country.
- (v) In regard to sub-factor 3.1.2, marks have been assigned based on 0 for 40% absorption and 5 for 100% absorption.
